

# When the Baby Needs a Laxative---

No one knows better than the ever-watchful mother—the natural doctor of the family in all the small ills—that when the baby is out of sorts it is usually due to indigestion or constipation.

It is always well, in any of its illnesses, to look for this cause. The diet may have to be changed, but before good can result from it, the bowels must be moved.

The mother has the choice of many medicines—cathartics, purgatives, bitter-waters, pills, physics, etc. But the little body doesn't need such harsh remedies for they wrench the system and do only temporary good, so often followed by an unpleasant reaction.

A better plan is to employ a mild, gentle laxative of which only a little is required. There is a combination of simple laxative herbs with pepsin sold by druggists under the name of Dr. Caldwell's Syrup Pepsin that thousands of mothers have used successfully for baby's constipation and its accompanying ills, such as belching, wind colic, restlessness, sleeplessness, etc.

The nursing mother will also find it ideal for herself, and it is especially important that she be free from constipation.

Syrup Pepsin is guaranteed to do as promised or the druggist will refund the money. Thousands of cautious families have it in the house, secure against the little ills.

## Dr. Caldwell's SYRUP PEPSIN The Perfect Laxative

PRICE AS ALWAYS

In spite of greatly increased laboratory costs due to the war, we have maintained the price at which this famous laxative has been sold by druggists for the past 25 years. Two sizes—5c and 15c.

FREE SAMPLES

If you have never used Dr. Caldwell's Syrup Pepsin send for a free trial bottle to Dr. W. B. Caldwell, 444 Washington St., Monticello, Ill. If the little baby at home asks for a copy of Dr. Caldwell's book, "The Care of Baby."

# ARRIVAL OF DIVISIONAL PARADES FOUND TO BE IMPOSSIBLE

### Congestion of Railways Which Would Result From Such Plans Bars Idea of Big Reviews in Inland Cities.

WASHINGTON, Feb. 11.—Parade of complete divisions of the American army returning from France probably can be held only in a few cities in the immediate vicinity of the seaboard ports. The response to the request of many other localities for divisional reviews of its own troops likely will have to be the parading of not more than a regiment. This it was learned, is the conviction of officers at the war department who have been studying homecoming parade proposals.

Cities in which it probably would be possible to hold divisional reviews, these officers said, are Boston, New York and Washington. To hold such a parade in an inland city, it was said, would be almost impossible and quite impracticable.

War department officials were said to have found that serious disruption of rail traffic for several days, grave danger of congestion at ports of arrival and a resultant slowing up of the whole process of demobilization would be involved in an attempt to carry a complete division to even such a city as Chicago, supplied with many rail outlets and large terminal facilities. Half the tourist car equipment of the country, it was estimated, would be needed to make up more than 50 trains necessary to carry that number of troops, even without any heavy impediment such as the artillery and wagon trains.

### Congestion Sure.

Officers said that using five rail lines out of New York at 50 minute headway on each line, it would take five hours from the time the first unit arrived until the last reached its destination and that during the entire time all five roads would be practically given over entirely to this single troop movement.

Another factor of great importance, it was asserted, would be the disruption of demobilization machinery at the ports of arrival. New York, the chief port, has two reception camps, Merritt and Mills. If the schedule of 300,000 men to be returned a month is to be reached, these two camps must be filled and emptied six times over in 30 days, and demobilization and other units must be passed through to their demobilization centers as rapidly as they can be received. Officers estimate it would take the full machinery of both camps five or six days at top speed to receive, inspect and distribute a division at full strength. Should divisional units be held until all had arrived and been passed through, as would be necessary in arranging for a divisional parade, it would mean that the full complement of troops would be held in waiting trains while units from other divisions which might arrive probably would be held in the harbor.

Both Secretary Baker and Gen. March 27th (New York national guard) division as a unit in New York on to Camp Upton, where it would be demobilized, was entirely practical. The proposed parade would result as the main lines would not be involved. Similar special arrangements would be made in Boston of the 26th (New England national guard) division, and in Chicago of the 1st (Rainbow) division, under consideration when it is assigned for return.

## CANDIDATES TO SUCCEED DR. AYRES TO BE NAMED

NASHVILLE, Tenn., Feb. 11. (Sp.)—The board of trustees of the University of Tennessee met Monday afternoon and appointed a special committee to select a candidate to succeed Dr. Ayres as president of the university. The committee will select one or more candidates for the position of president of the university, to succeed the late Dr. Brown Ayres. This committee will report at the next meeting of the board, the date for which has not been set.

The board adopted extensive resolutions on the death of Prof. S. M. Bain, also on the death of Prof. S. M. Bain. The meeting was closed to the press. No other business of importance was transacted at the session.

## VISIT TO TEXAS COSTS POLICE CHIEF HIS JOB

HUNTSVILLE, Ala., Feb. 11. (Sp.)—A shakeup which is said to be only temporary, however, has been effected in the Huntsville police department because of the continued absence of Clarence Hargrett, chief of police, in Texas, where he went to visit his family several weeks ago. D. M. Gardner has been elected day chief of police and George Hargrett, who has been elected night chief, succeeding Walter Price, resigned.

## CASUALTY LIST

WASHINGTON, Feb. 11.—Four army casualty lists made public here today contain a total of 1,345 names, divided: Killed in action 5; died from wounds 3; died of disease 10; wounded severely 215; wounded, degree undetermined 467; included in the list:

Wounded severely: Privates Harvie B. Carter, R. F. D. 3, Westmoreland; Henry French, Maynardville; John D. Jones, R. F. D. 3, Columbia; John A. Laney, R. F. D. 1, Mayfield; John L. Bearden, Shelbyville; Luther E. Reector, Brother. Wounded, degree undetermined: Corporal Grover Lee, Morristown; Boston P. Roberts, Chattanooga; Privates William L. Heithorn, Nashville; Maxey, Sneedville; Thelo Robertson, Hamer; John F. Nash, Chattanooga; James P. Plante, R. F. D. 1, Bearden; Fred Rees, Erasmus; Claude W. Roberts, R. F. D. 4, Good Spring; Harry Riceville. Wounded slightly: Corporal John J. Gilmore, 727 North Park, Memphis; William F. Sliger, Coalfield; Albert

## Teeth Cannot Last If You Let That Film Remain

## Why Brushed Teeth Now You Can End It

Discolor and Decay In a Pleasant Way

Millions of people find that teeth brushed daily still discolor and decay. Tartar forms on them. And most people, soon or late, suffer pyorrhea.

Old methods of tooth brushing have proved sadly inadequate. Statistics show that tooth troubles have constantly increased.

Now dentists know the reason. It lies in a film—that slimy film which you feel on your teeth with your tongue. It clings and stays in certain places, particularly in crevices.

That is what discolors—not your teeth. Film is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. "Bacterial plaque" is the dental name for film. Those germs, with tartar, are the chief cause of pyorrhea. Thus most tooth troubles are now traced to that film.

The tooth brush used in the old ways leaves much of this film intact. The ordinary dentifrice cannot dissolve it. Soapy tooth pastes even help it to cling.

So much of this film—the great tooth destroyer—has been left to do its damage. Nearly everybody has had teeth wrecked by it, despite the daily brushing.

Dental science has long sought a way to end that film. It has now evolved an efficient film combuster. Able authorities have proved this by many clinical tests. Now, for general use, the method is embodied in a dentifrice called Pepsodent. Leading dentists everywhere are urging its adoption.

And we offer you a 10-Day Tube to show its effects.

## DON'T SUFFER WITH NEURALGIA

Use Soothing Musterole

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on your temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief.

Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister.

Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet—colds of the chest (it often prevents pneumonia). It is always dependable.

## ACHES AND PAINS QUICKLY RELIEVED

You'll Find Sloan's Liniment Softens the Severe Rheumatic Ache.

Put it on freely. Don't rub it in. Just let it penetrate naturally. What sense of soothing relief soon follows! External aches, stiffness, soreness, cramped muscles, strained joints, back "cricks"—those ailments can't fight off the relieving qualities of Sloan's Liniment. Clean, convenient, economical. Ask any druggist for it. Prices 20c, 60c, \$1.40.

## Sloan's Liniment Kills Pain

Nothing Like Plain Bitter-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft, curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are usually due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known as **ampho-phosphate**, sold by Washburn-Lyle in Memphis, and most all druggists, under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, **ampho-phosphate** quickly produces a welcome transformation in the appearance; the increase in weight frequently being astonishing.

This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, soon disappear. Dull eyes become bright and pale cheeks glow with the bloom of perfect health.

**"CAUTION"**—Although **ampho-phosphate** is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not, owing to its remarkable flesh-growing properties, be used by anyone who does not desire to put on flesh.

The purified calomel tablets that are entirely free of all sickening and salivating effects.

Medicinal virtues easily improved. Guaranteed by your druggist. Sold only in sealed packages. Price 35c.

## DISTRICT ROTARY CLUBS MEET AT NASHVILLE

NASHVILLE, Tenn., Feb. 11. (Sp.)—The district conference of Rotary clubs convened here Monday afternoon with Knoxville having the largest visiting delegation, coming to the absence of Joseph W. Porter, district governor, on account of his wife's death. E. F. Finlay, of Chattanooga, presided over the conference. Mr. Finlay also responded to the welcome address of George H. Gillespie, of Nashville, with "George, we thank you." The invocation was delivered by the Rev. Charles Pitt, of Knoxville. Chas. E. Perry, international secretary, delivered an address and Davis A. Smith, of Salt Lake City, invited the Rotarians to attend the next international convention of Rotary clubs, which will be held in this city.

## EAST TENNESSEE UNIT LOST 31 IN BATTLES

BRISTOL, Tenn., Feb. 11. (Sp.)—Company H, 17th Infantry, 24th division, suffered heavy casualties during the recent world war, according to a verified list of the men here killed and wounded. Received here from Capt. Walter A. Buckles, commander of the company. His report shows that 31 members of the company were killed during the war, 123 were wounded and 11 died for bravery. This unit was composed chiefly of young men from Bristol and upper East Tennessee. The company, a member of the famous "Wildcat" Division, participated in the offensive which resulted in the smashing of the Hindenburg line.

Among local boys cited for bravery are: First Lieut. Walter E. Martin, Robert H. Goodwin, Mess Sergeant S. H. Cartwright, Private App Smoily and Sgt. Dewey F. Marion.

## BADLY DISFIGURED WITH ECZEMA

On Hands and Face. Burned and Itched Constantly. Cuticura Heals.

"Eczema broke out in small white pimples on my hands and face. They burned and itched constantly and I irritated the parts by scratching and also lost sleep. The pimples soon spread over and were in blotches. I was badly disfigured."

"I was bothered six months. Then I used Cuticura Soap and Ointment and after using three cakes of Soap and two boxes of Ointment I was healed."

(Signed) Miss Barbara Pittman, Dryden, Ky.

Cuticura Soap to cleanse and purify. Cuticura Ointment to soothe and heal. Cuticura Talcum to powder and perfume are ideal for daily toilet purposes.

Write for Free Book by Mail. Address postcard: "Cuticura, Dept. H, Boston." Soap 25c. Ointment 35c and 60c. Talcum 35c.

## FORTUNE'S DRUG STORE

It is a source of gratification to us that the established policy of this store, as expressed in the standard, "Nothing But the Best," has been accorded unquestioned indorsement throughout a period of business unrest, in which many recognized standards have been trampled upon and discarded amid the din of commercial strife.

## Our Steady Progress Ahead Is the Evidence

We have kept resolutely to the ideal, "NOTHING BUT THE BEST," with regard to every medium relating to hygiene and health.

There is no subterfuge about this; there is nothing of pretence or compromise. It is easily amenable to proof. We are playing the game straight.

The alchemy of economic hygiene supplies no formula out of which there may be evolved, as constituent elements, the BEST and the CHEAPEST.

These two arbitrary, but none the less definite and tangible measures of comparative value, are as incompatible within the same commodity as soda and vinegar in the proverbial bottle.

They make sorry bed-fellows.

You cannot have the one without dismissing the other.
